2025 Caravans

Your Home Anywhere

NORTH AUCKLAND CARAVANS
& RIVERHEAD CARAVAN SALES

Welcome to Swift

UK's No.1 brand for leisure vehicles

We are the UK's largest leisure vehicle manufacturer, producing touring caravans, motorhomes, campervans and holiday homes.

We've grown from simple foundations back in 1964, when our founder Ken Smith built his first touring caravan, to become the UK's number one leisure vehicle brand.

Our philosophy is to build leisure vehicles that are at the heart of your holiday, whether that be nestled in the countryside or by the sea, searching out active pursuits or simply enjoying a quieter pace of life. With a lifetime of memories waiting to be made, it's time to find your ultimate caravan.

Introducing

The Swift Difference

There's no better feeling than stepping into your caravan for a relaxing getaway. We've dedicated countless hours of research and development to ensure that every detail of your caravan is built to last and luxuriously comfortable, so you can get on with the important things in life – creating memories and enjoying unforgettable holidays.

Only when you choose Swift can you enjoy this exclusive package of benefits, as part of our Swift Difference.

Check out our guides, articles and features!

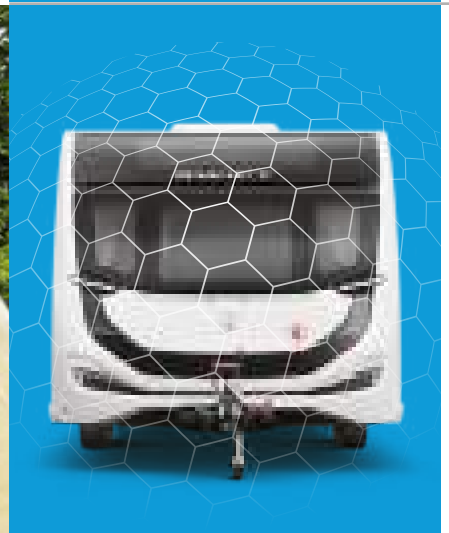

SMART construction

The UK's leading modern construction system with 'PURe' timberless framing that's impervious to water.

Efficient living

Swift caravans are engineered with efficiency at its core - from low energy LED lighting to an aerodynamic exterior for better fuel consumption and safer towing.

Long term warranties

Extra reassurance with multiple warranties including an industry leading 10 year bodyshell warranty.*

*Terms and Conditions apply

Supreme comfort

Enjoy an exceptional night's sleep with a Duvalay mattress fitted to all fixed beds and exclusive to Swift.

Expert training

Launched in 2015, The Swift Academy provides our employees with the opportunity to develop their skills at every stage of their career, encouraging our employees to reach their full potential. We have invested in the Swift Academy because we believe in our people and want to demonstrate our commitment to their development.

All year freedom

Swift caravans are tested to the extreme in a cold chamber to ensure they achieve the Grade 3 thermal insulation rating. The internal temperature can be maintained at 20°C while the external temperature is as low as -15°C, so you can stay warm and comfortable whatever the weather.

Extensive choice

With over 25 models across our three caravan core ranges, there is a huge choice to suit most budgets and tastes at weights suitable for a variety of tow cars - all supported by the UK's largest dealer network. Many ranges have a selection of value-added extras to help you customise your caravan.

My Swift Life

My Swift Life provides owners with a unique personal profile, where you can access information that's specific to your caravan, including; outstanding warranty claims, service information and a direct line into our Swift Customer Experience Team.

Pioneers

Innovation is our passion. We continually push the boundaries and utilise state-of-the-art design and construction techniques to ensure our products look sensational, work intuitively and function efficiently. Swift Command*, a product of innovative thinking, monitors and controls onboard systems via a user-friendly panel and smartphone app.

*Range specific

SWIFT
SMART

Standing the test of time with

Smart Construction

As the trailblazer in the leisure vehicle industry, we have consistently raised the bar with our unwavering commitment to research and innovation.

Providing you with peace of mind, SMART is an ingenious blend of materials and construction techniques that guarantee enhanced structural integrity, improved insulation and all-important weather resistance - ensuring your investment will stand the tests of touring and help retain your caravan's residual value.

Strong

The strong timberless body frame uses 'PURe', a tough, hard polyurethane based product, that is totally impervious to water and has been proven through use.

Modern

SMART uses modern materials produced using cutting-edge technology and has been developed to ensure the exterior profiles maintain the modern desirable looks our caravans are renowned for.

Aerodynamic

We continue to lead the way in aerodynamics using Computational Fluid Dynamics to help shape the bodyshell for better fuel consumption and safer towing.

Resilient

Our side GRP outer and inner skins are more impact resistant than aluminium and can be easily repaired, ensuring long lasting good looks, securing your investment for the future.

Tested

Extensive safety and durability testing at the Millbrook track, and cold chamber testing down to minus 15°C and beyond puts prototypes through conditions most products will never have to experience in a lifetime.

PURe Polyurethane framework

The strong timberless body frame uses 'PURe', a tough, hard polyurethane based product that is totally impervious to water, ensuring the longevity of your caravan.

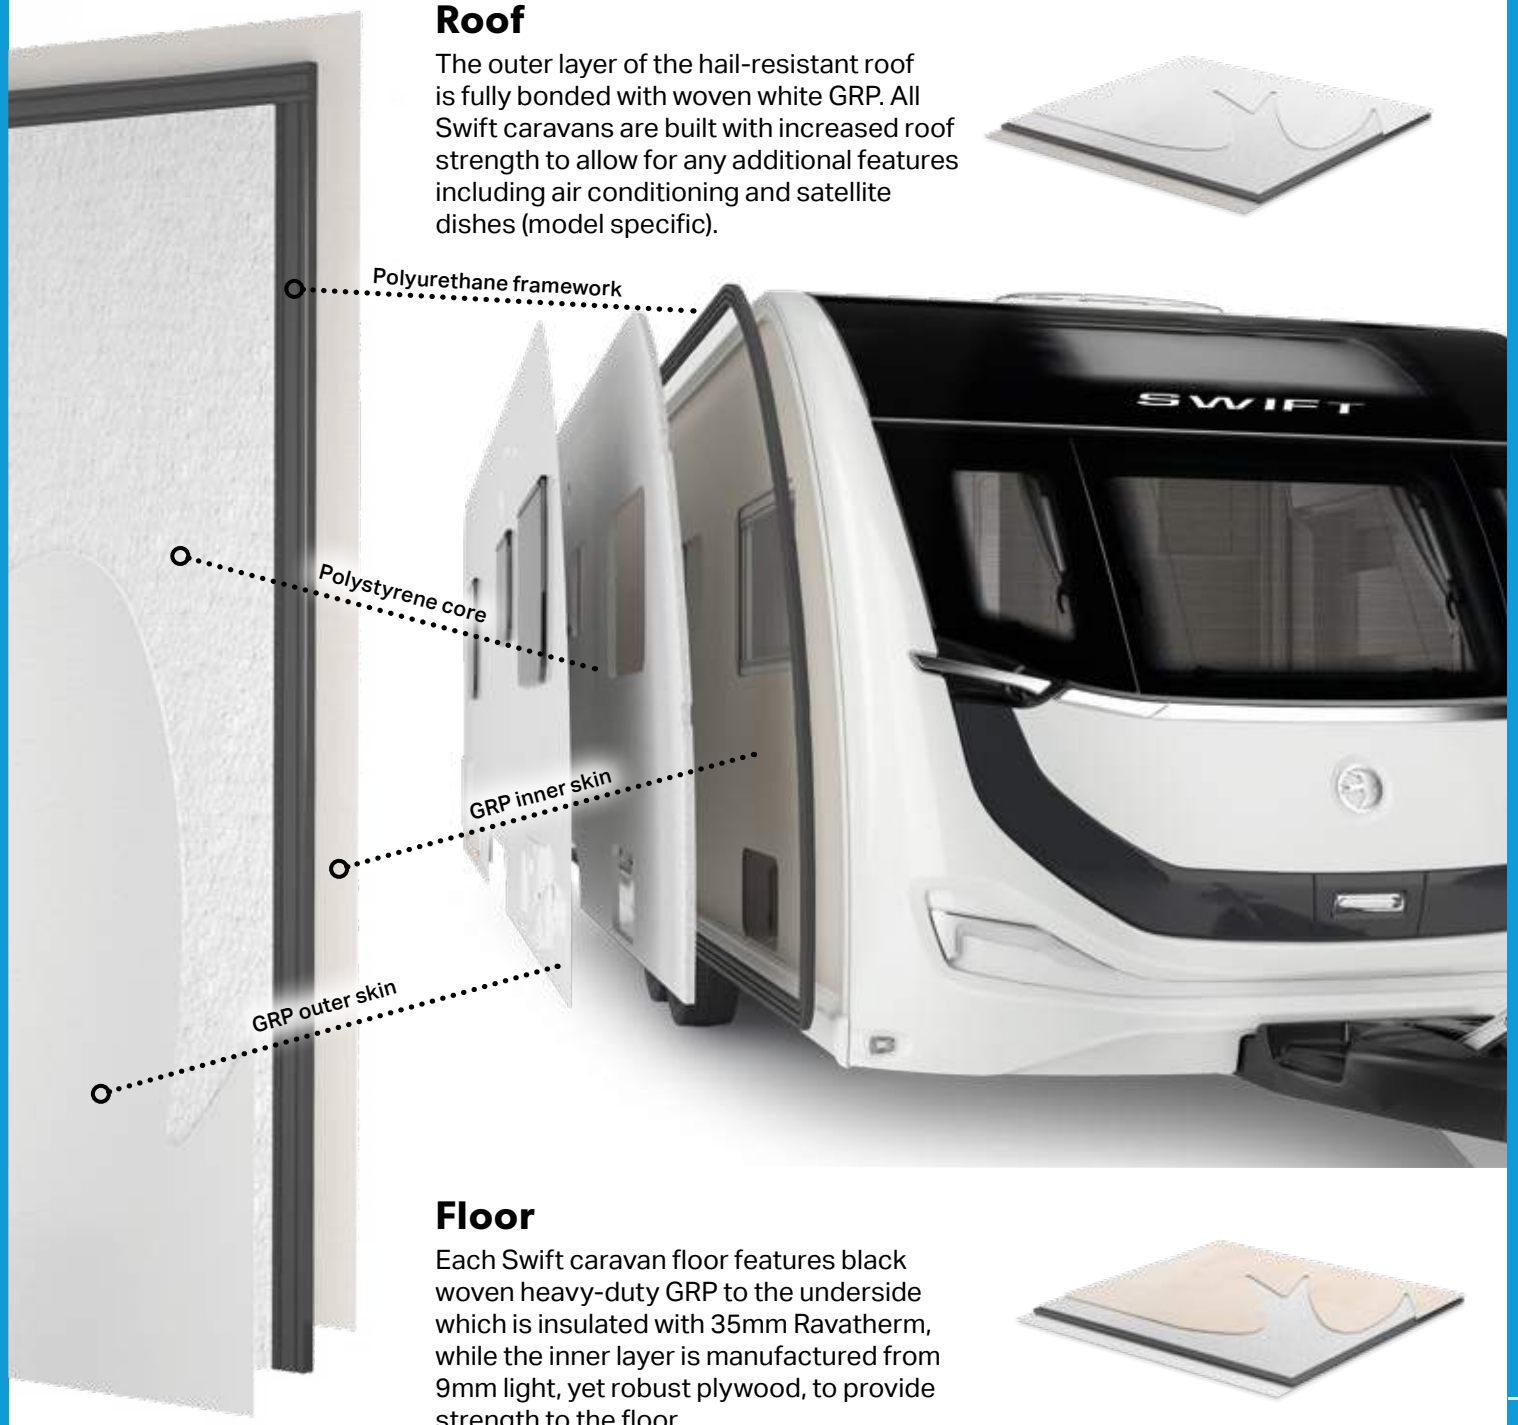

Polystyrene core

For ensured accuracy, lightweight polystyrene is cut to shape using the latest water jet technology. With 22mm polystyrene used in the side walls, and 28mm used in the roof, all Swift caravans meet the Grade 3 thermal properties needed for year-round adventures.

GRP

Manufactured at Swift, our GRP (glass reinforced plastic) front and rear panels are robust and resilient. The side panels feature outer and inner GRP skins of the same thickness to create a balanced panel which allows the caravan to expand and contract in different climatic conditions.

Unlike other manufacturers, our GRP inner skin does not use any jointing tape - all Swift caravans have a jointless sealing in the walls, and are embellished with wallpaper finishes.

Roof

The outer layer of the hail-resistant roof is fully bonded with woven white GRP. All Swift caravans are built with increased roof strength to allow for any additional features including air conditioning and satellite dishes (model specific).

Floor

Each Swift caravan floor features black woven heavy-duty GRP to the underside which is insulated with 35mm Ravatherm, while the inner layer is manufactured from 9mm light, yet robust plywood, to provide strength to the floor.

Introducing
Sprite Compact

Proving that the best things come in small packages, the Sprite Compact boasts a slender width of two metres and an MTPLM of just 1094kg. With a refreshed design and new features this year, this two-berth model is ideal for those new to touring or seeking a lighter vehicle.

1 layout

- 1 single axle layout
- 2 berths
- MTPLM of 1094kg

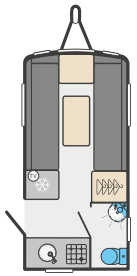

Sprite Compact
Highlights

01. Narrow body width of 2.03m, making it easier to tow, manoeuvre and store, while maintaining 1.95m (6'5") internal headroom. Plus, sweeping front robust GRP panel incorporating gas locker door and hail resistant GRP roof

02. **NEW** striking exterior graphics scheme with **NEW** larger 15" Edge alloy wheels

03. External robust rear GRP panel with exclusive LED rear light clusters, LED high level marker and brake light which provide better visibility in poor weather

04. **NEW** Aquaclean Oceania soft furnishing scheme with Sangallo Elm woodgrain with **NEW** Toro and Grau woodgrain accents

05. Useful front chest featuring a soft close drawer and convenient slide-out extending top

06. Beech slat seat and bed bases with sprung hinged tops for extra comfort and easy storage access, plus a bed make-up system with slats retained on track

07. Thetford thermostatic oven and grill with three-burner gas hob and **NEW** electric hotplate, all with electronic ignition. Hob features a glass lid with auto gas shut-off functionality

08. Flatbed microwave oven with digital controls

09. Dometic (Series 10) 83 litre under counter fridge with electronic ignition incorporating 12 litre removable freezer compartment

10. **NEW** swan neck tap with durable stainless steel kitchen sink and removable extension drainer with dedicated storage

11. Washroom with vanity unit, sink, shower and toilet. The shower is fitted with an Ecocamel Jetstorm showerhead for a powerful shower that uses less water

12. Powerful Truma Combi heating system for fast and efficient heating to achieve a Grade 3 thermal insulation rating

13. User-friendly 12V control panel with battery selection, battery state, lighting control and water pump circuit control

14. Branded FM/DAB radio with USB, Bluetooth connectivity and auxiliary input

15. Internal LED lighting throughout with enhanced over locker lighting and downlights in lounge

Fabrics at a glance

We use research insights and trends to keep ahead of the designs that appeal to both today's and tomorrow's customers. We take the time to understand what designs appeal to you and your holiday lifestyle.

Today's trends involve a higher degree of ecological and environmental decisions, and at Swift, we share these values in our design and manufacturing decisions. We aim to replicate the natural world in colour and material choices within all of our products.

Keeping on top of the trends, through observation and research, we have seen a change in how our leisure vehicles are used. They are now more than just a place to relax and holiday, they also offer a home office space, where leisure and work can now comfortably mix, creating a new design vision and consideration for our caravans of the future.

Challenger

Challenger range is fitted with the Aquaclean Galloway soft furnishing scheme featuring on trend natural hues.

Please ask your dealer for full details.

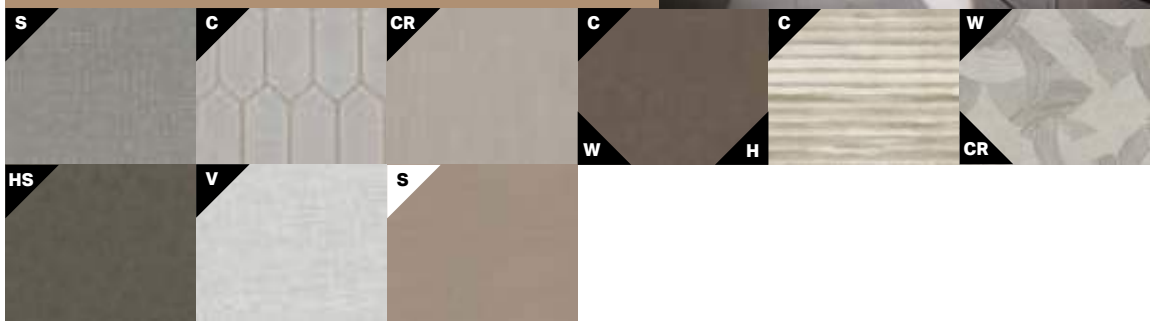

Elegance Grande

Elegance Grande offers two fabric options: the **NEW** Aquaclean in Cosmic featuring light natural brown woven tones, which comes as standard, or the optional Ultraleather in Cinnamon Toast, featuring a rich brown for a more statement look.

Please ask your dealer for full details.

aquaclean®

fabrics for living

At Swift, we believe your holiday should be all about relaxation, enjoyment, and making unforgettable memories. That's why we have chosen to enhance our caravans with Aquaclean® technology—a revolutionary fabric treatment designed to keep your upholstery looking pristine with minimal effort.

Why Aquaclean®?

Aquaclean® technology allows you to clean stains using only water. Imagine the ease of simply wiping away wine spills, ink marks, sauce splashes, or even mud stains without the need for harsh chemicals. This advanced fabric protector ensures that dirt and grime stay on the surface, making clean-up a breeze and giving you more time to focus on the things that truly matter during your travels.

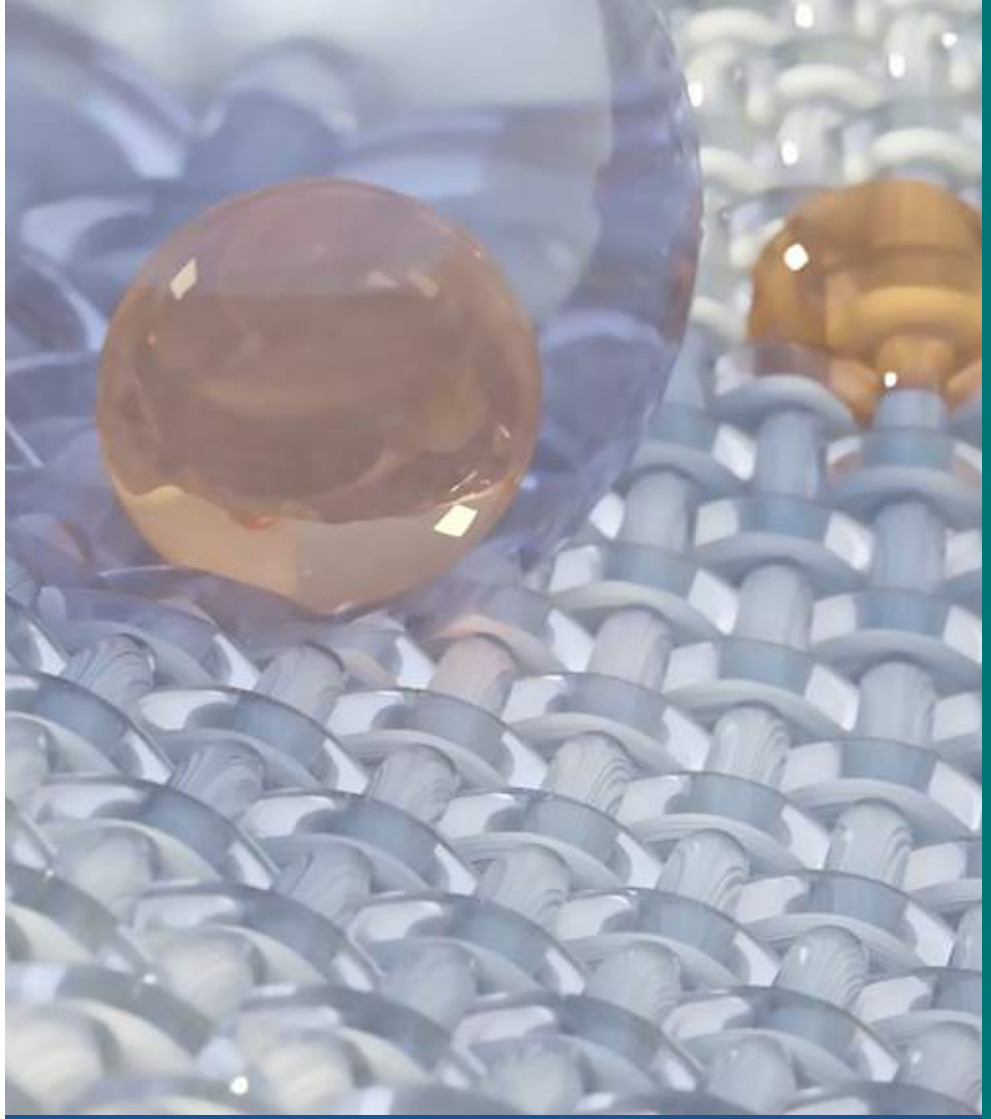

Unmatched Quality and Durability

With over 50 years of expertise in fabric manufacturing and more than a decade of perfecting Aquaclean® technology, the Aquaclean Group stands out for its commitment to quality and innovation. Over 30 million meters of this exceptional fabric have been sold worldwide, earning the trust of over 3 million families in more than 60 countries. Now, we bring this trusted technology to our Swift caravans.

Stress-Free Holidays with Swift and Aquaclean®

Imagine embarking on your next adventure without worrying about stains and spills. Whether you're enjoying a cozy family dinner or a spontaneous snack on the go, Aquaclean® ensures your caravan's upholstery remains spotless. This means less time cleaning and more time enjoying the open road, scenic landscapes, and quality moments with your loved ones.

When you choose Swift, you're not just choosing a caravan; you're choosing a lifestyle of ease and elegance. Our caravans, equipped with Aquaclean® fabrics, are designed to offer you the ultimate comfort and convenience.

See how it works!

Scan the QR code to watch a demo given by Aquaclean® Sales manager, James Lowe.

Layouts at a glance

Choosing the perfect Swift caravan for your holiday lifestyle starts with selecting the right layout. Spend some time reviewing the options to see what works best for your needs.

Island beds allow two people to get in or out without disturbing each other, while corner beds maximise space efficiency. Larger families might opt for our 6-berth layouts that include bunk beds.

Rear washrooms are ideal for couples, but a mid-washroom might be better if you travel with others to minimise disruption during nighttime trips to the bathroom.

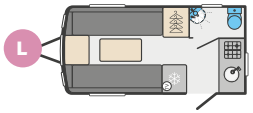

With 26 layouts across our three ranges, you're sure to find the perfect fit for your family dynamic.

- T — Transverse bed
- L — Lounge bed
- I — Island bed
- C — Corner bed
- B — Bunk beds
- 8-foot wide

Specification at a glance

Masses: The masses are calculated in accordance with EU regulation 1230 / 2012 and NCC code of practice 304.

The Mass in Running Order (MRO) comprises:

1. The mass of the empty caravan as supplied by Swift including loose items such as the hook-up cable, kit bag, entrance step, manuals etc.
2. 10kg allowance for LPG

The MRO is calculated with the fresh water tank, toilet flush tank and water heater empty. If you travel with water in the fresh water tank, toilet flush tank and the water heater the payload will reduce accordingly.

The personal effects is based on the number of berths and the length of the caravan, and includes an allowance of 20kg for a leisure battery.

The Maximum Technical Laden Mass (MTPLM) is the maximum mass allowed when the caravan is fully laden.

Warning: Under no circumstances should the MTPLM be exceeded.

Awning sizes: Due to the varying awning designs and sizes the awning sizes given are approximate only. Specific awning sizes must be confirmed by your dealer or the awning manufacturer prior to purchase.

The dimensions given are approximate due to slight variations in suspension ride heights, loading conditions and tyre pressures.

Customers should verify the actual dimensions of their touring caravan before committing to anything that could be impacted by these dimensions.

Please note: Any dealer fit options will reduce the overall payload available to the user of the caravan. If you require additional payload it is possible to upgrade the MTPLM to the upper limit. Please contact your caravan dealer for more information.

LED road lights: Certain vehicles may require a secondary fuse box when towing models fitted with LED road lighting.

SWIFT COMMAND
DEVELOPED WITH SARGENT

More control with Swift Command

Available with our Elegance Grande range, Swift Command monitors and controls the onboard systems via a touch screen panel and a smartphone app, so you can always be in control.

With the convenience of your mobile device, you can access the onboard interface using Bluetooth when near your caravan or via your internet connection when remote.

Swift Command enables you to track system levels such as power, temperature, and humidity, and monitor the location of your vehicle. You can even control the heating, activating it for a warm return on colder days.

The app also lets you set up notifications to keep you informed of important functions, such as battery levels, frost alerts and alarm status.

Head to the Apple or Android store and search for 'Swift Command'.

Download on the App Store

ANDROID APP ON Google play

For even greater peace of mind, you can subscribe to the Thatcham Category S7 approved pro-active tracker to add extra security to your vehicle.

Swift Command Tracker by Sargent is monitored by an approved monitoring centre which operates 24 hours a day 7 days a week and provides European coverage and direct police liaison. This system is ready for use, all you need to do is purchase a tracking subscription by visiting www.swiftcommand.co.uk or calling Sargent on 01482 881655.

Location and remote features

Connect to your leisure vehicle from anywhere to view its systems information and location.

Conveniently control and monitor your onboard services when away from your vehicle.

Water

Keep an eye on your precious water levels so you know in good time when to top-up.

Lighting

Create just the right ambience onboard with easily adjustable lighting settings.

Heating

Activate whilst out exploring and enjoy the warmth when you get back.

Power

Track your energy use and manage your batteries for efficient use of your all important power services.

Fridge

Track your energy use and manage your batteries for efficient use of your all important power services.

Get personal with
My Swift Life

Replacing Connect Direct (our previous customer portal), My Swift Life is now available to all Swift caravan and motorhome owners*

My Swift Life provides owners with a unique personal profile, where you can access information that's specific to your caravan or motorhome, including; outstanding warranty claims, service information and a direct line into our Swift Customer Experience Team.

Log in to My Swift Life and report faults directly to Swift, enabling us to work together and allowing us to respond more quickly to your needs. Our new platform hosts a variety of information, including product notifications, customer bulletins, product recalls and upgrades, as well as important notifications about our products and services.

Using My Swift Life, you can also view chargeable orders that have been placed on your behalf, by your Swift dealer or servicing provider, along with any outstanding warranty claims from the date of ownership.

What's more, you'll have access to useful tips and our comprehensive "How To" video library, designed to help you familiarise yourself with your Swift caravan or motorhome.

* Available to UK registered customers only.

Join My Swift Life for all this and more

- Access to useful "How To" video guides
- Access to personalised information 24/7
- Ability to report faults directly to our Customer Experience Team
- Authorised claims passed directly to dealer to speed up the warranty process
- Product upgrades notifications
- Live messaging direct into Swift's Customer Experience Team
- Upload service history records
- Useful bulletins and alerts

Swift Owners Clubs

Swift Owners Club

The Swift Owners Club is the natural home for owners of Swift Group caravans and motorhomes. Our members come from all walks of life and include families, couples, single and retired people. Everyone, including pets, are welcome!

Joining our Club offers a host of social benefits and is probably one of the best investments you could make. If your caravan or motorhome is a brand owned by the Swift Group, or is an Airstream caravan (Model years 2017, 2018 or 2019), what are you waiting for?

SWIFT OWNERS CLUB

Join up!
Scan this QR code to find out more about joining the Swift Owners Club

Sprite Sterling Swift Owners Club

We are a small, non-profit-making organisation run by unpaid, subscription-paying members. Our activities centre around social rallies for owners of Sterling, Sprite and Swift caravans, dealer specials based on these and older caravans made by Eccles, Sprite Leisure Group or CI.

We organise temporary weekend 'pop up' sites (rallies) across the country. Many are on fields reserved for rallies.

Members get an exclusive invitation to visit the Swift Group factory every few years.
